# A Scroll around the World

*Living well in our City - Collecting your Hints*

To encourage children to care for their environment and health, Veolia Environnement invites them to draw their message on the travelling scroll - Living well in our city. Following its world tour, the scroll will be exhibited at the Institut Pasteur in Paris on June 17 and 18th, 2004.

You can follow the progress of the scroll around the world and discover the children's drawings on :
